Presidents Message

Dear NEW DNA members:

Our program this past week, given by Sharon McNulty's daughter, a dietician, was a good experience for all who attended. We learned about some of the new and upcoming nutrition supplements and the need to add significant fish oil and Vitamin D to our intake. There was much more to her message but I would do a disservice if I tried to cover the many topics she included.

We got reacquainted with some members we had not seen for a while. We hope that they will continue to join us and we would like to see others return for a meeting or two.

The next meeting will again be a non-nurse presenter. Jim Joy from HOME INSTEAD will be joining us.

Nominations for President and secretary are needed for this spring's ballot. If you have any interest, call Judy Friederichs or myself to learn more of what is involved in these offices. **We will have a brief business meeting at the next meeting.**

See you soon.

Connie Korger

**FEBRUARY SPEAKER
AND TOPIC**

Jim Joy is the marketing staff person for Home Instead Senior Care in the Green Bay and Sturgeon Bay Area. He has been in marketing for over 7 years and before that he sold office supplies for 27 years.

Home Instead for Senior Care is a non-medical home care company that employs caregivers to assist older adults with everyday tasks so they can live independently.

The presentation will include a discussion of the general policies of the company as well as how the company feels it can better engage with the nursing community, especially those working in the hospital, nursing home or clinic areas.

PRN

The PRN is issued every other month. Issues will provide information on the programs for the covered two months.

The last issue deadline for newsletter content submission is as follows:

<u>Issue</u>	<u>Deadline</u>
